DANILO FAGUNDES

MODERN PENTATHLON AND FENCING COACH

PROFILE

I was a modern pentathlon athlete for 15 years until the Paris 2024 Olympic, I defended the colors of the Brazilian flag at so many world championships and Pan-American games. I always studied a lot and improved myself both as a coach in Brazil and in Italy. I completed my master's degree in the area of exercise psychophysiology and my specialization in human performance science. As a pentathlon coach I reached the level of regional coach in Italy and 3rd level coach of the Union Internacional of Modern Pentathlon (UIPM). As a fencing coach I took a coaching course with Olympic Master Daniel Levavasseur and went deeper into Italy where I am doing the 2nd national level.
